Dear Sir/Madam,

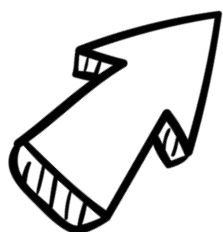

I am aware that the **[School Name]** offers its students the possibility of taking part in the Erasmus+ programme. Understanding the importance of this opportunity, I would like to apply for a scholarship. I am currently in my **[first/second/third year of the degree in Business Administration and Management]**. Given this situation, I believe that this is a great opportunity for me to grow both personally and professionally. From a personal point of view, participating in this programme will allow me to grow and develop, obtaining a greater sense of responsibility, thus achieving a higher degree of confidence and maturity than at present. From a professional point of view, it will enable me to understand different ways of working, improve and perfect my level of English **[level]**, and therefore enhance my Curriculum Vitae, allowing me to apply for more qualified and higher-responsibility jobs. Regarding my chosen host country, **[name]** has prestigious universities that will help me develop abilities in a pleasant work environment with a strong educational system. In addition, I will have the opportunity to interact with native students and students from other cultures, which will help me improve my English. Finally, I believe that participating in the Erasmus+ programme will provide me with a broader understanding of what Europe stands for and what it means to be a European citizen.

Yours sincerely,

**[name]**
